

Welcome letter to parents

Dear parents,

A warm welcome to the new families and our best wishes for an "as-normal-as-possible" school year! All our encouragement to the dedicated LFI Tokyo team, to the parents and especially to the children for this school year 2022-2023.

FLT is a parent association (Families of LFI Tokyo), and its mission is to represent all LFI Tokyo families. We are affiliated with the Fapée, an organization that coordinates parents' associations of overseas French schools. We are a multicultural team of dedicated volunteers, wholeheartedly committed to promoting and securing the best possible French education in Japan.
