

# THE END OF YEAR LETTER

INFORMATION LETTER FOR THE FLT TOKYO PARENTS

June 2024

## The end of school year!

With the long-awaited summer holidays just around the corner, it's time to look back and reflect!

## CONTENT

President's words - p2  
School councils

Festive events. - p3

Our commitments to parents and children - p4

Preparing for next school year - p6

**Don't wait for the next school year, join FLT now  
and help us prepare for the new school year.**

**Contact form**

## President's words

At the end of this school year, I would like to thank all the parents for their trust and the FLT members for their dedication and support. This first year as president of the FLT has been full of challenges and learning experiences, but also rich in exchanges with you, the parents, as well as with the various stakeholders in the school community.

*Célia Hughes*

## School councils

This last quarter concludes with a series of **committee meetings** where we, the parent representatives, bring up your questions and requests:

- Elementary School Council
- Secondary School Council
- School Council
- Board of Directors

If you need any further assistance or adjustments, feel free to ask!

Official reports ([on the LFI Tokyo website](#)) will follow at the beginning of July. Thank you for your patience.

# Festive and Friendly Events

## School Festival

Here is a visual recap of the **LFI Tokyo festival held on Saturday, May 25**. It was a particularly dynamic and festive event, bringing together the French community in Tokyo!

The incomings from this raffle **will help fund projects aimed at improving the well-being of children at LFI Tokyo**. Several projects are being considered, and we will provide a detailed breakdown of the expenses during the first quarter of 2024/2025.

## Lycée-Café sportif

On **June 6th**, we held our **last Lycée-Café** of the year, with a sporty twist as we invited the ten participating parents to dance to Latin rhythms. With **well-deserved refreshments and small cakes**, we took the opportunity to discuss our children's school life. It was a very convivial moment.

We broke the record with more than 15 000 Tombola tickets sold!

# Our commitments to parents and their children

## Inclusive school group

The Inclusive School Group has been advocating for a **full-time Inclusive School Coordinator** position since last year, and the request was approved at the last board meeting! **During the Inclusive School Coffee on June 1st**, we had the pleasure of welcoming Mrs. Bartagnon, who was able to explain her role and answer questions from the parents present. It was also a moment of rich exchanges between parents, demonstrating the necessity of such meetings for parents of extraordinary children who need to connect. Following this meeting, at the initiative of the parents, we created a WhatsApp group to allow interested parents to discuss the topic. For any inquiries, please write to: [ecole-inclusive@familles-lycee-tokyo.com](mailto:ecole-inclusive@familles-lycee-tokyo.com). Feel free to ask if you need any further assistance!

## Ecology commitment with the Ecoteam FLT

**In April**, 45 children came to the rooftops of Ginza to **observe the bees in their hives with the Ginpachi association**. What a fantastic way to discover the wonderful world of these insects that are essential for pollination! Our workshop ended with a honey tasting that delighted our taste buds.

**In June**, we focused on the issue of **tropical forests and deforestation**. We thought together about the good practices we can adopt at any age to implement the 5 Rs: Refuse, Reduce, Reuse, Recycle, and Return to the Earth. We then made a terrarium to recreate a tropical forest at home.

We are also looking for volunteer parents to strengthen our teams.

# Our commitments to parents and their children

## Learning Japanese

Meisho Immersion Program: Registration for the **immersion program at the Japanese school (Meisho School)** is now closed. Thirteen children from 1st grade to 6th grade will be welcomed from July 1st to July 5th.

Driven by the initiative of parents involved in helping non-Japanese-speaking children progress, **an extracurricular Japanese activity** was offered by the LFI Tokyo during the last quarter. It is now time to evaluate the program in order to continue offering this activity while adapting it to the students' needs.

## Catering Committee

The Catering Committee (representatives of parents, staff members of the Lycée, and Cezars Kitchen) **met every month**.

**Objective for this year:** Simplification of starters for the younger children and varied proposals for menus better suited to the students' tastes.

**Organization of canteen visits for parents:** A unique opportunity to see the canteen from the inside and also to participate in the same meal as the students and staff.

Thanks to the [form](#) made available to you, the Catering Committee was able to be informed of your comments and the feedback from your children on the menus and the more general organization of the canteen. For any questions, please write to: [restauration@familles-lycee-tokyo.com](mailto:restauration@familles-lycee-tokyo.com)

## FLT Partnerships

In 2023-24, we continued the **FLT Partnerships**, which, in exchange for promotional rates for our members, help to promote your services (theater, English, soccer, guitar lessons, etc.).

If you are interested and have activities or services to promote, please contact us by email at [partenariat@familles-lycee-tokyo.com](mailto:partenariat@familles-lycee-tokyo.com)

# Prepare for the start of the school year

## School supplies

This year, for the second consecutive year, the FLT offers you a **school supplies delivery** service through the company [LDE.fr](https://lde.fr).

This "LDE 2.0" operation has been prepared for several months so that you can order the necessary supplies in advance for an easier start to the school year. Thank you for renewing your trust!

A **year-end book exchange** is organized in parallel through [WhatsApp groups](#) for books that are common to the lists from previous years.

## We need YOU!

**A big thank you to all the members of the board and the various FLT working groups. As every year, the association's board needs to be renewed.**

All willing volunteers are welcome to support the association's actions and to develop new ones according to your desires and expectations.

**Do not hesitate to contact us** via the [form](#) available on the website or come see us at our stand on the first day of school.

If you need any further assistance, feel free to ask!

## FLT sponsorship program

We have relaunched the **FLT sponsorship program**, which allows families already attending the school to welcome new families, whether they are coming from the Japanese system, from France, or from another country.

Feel free to sign up via the [form](#), either as a sponsor or as a mentee. If you need any further assistance, feel free to ask!

**And a big CONGRATULATIONS to all the 2024 LFI Tokyo graduates as well as to the 9th-grade students for their middle school diploma!**

**Best wishes to those who are leaving us and...**

**Have a great summer!**

**Célia and the entire FLT team**
